**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also, cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.  
We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by HALL'S CATARRH CURE. Send for circulars free.

## GET RID OF SCROFULA HOW? TAKE S. S. S.

Fifty Years' Use Proves S. S. S. Will Relieve Stubbish Cases.

You have noticed the little festering pimples on the face and body—swelling of the glands—soreness in the legs and arm muscles. These are the symptoms of Scrofula. You may have some of these symptoms, possibly the taint of Scrofula infection. But in either case, it is a dangerous condition. Your blood is infected, impure, and you can never hope to gain perfect health until the impurities are washed from the system. If you feel badly all the time, you must crave health. If you want to feel renewed spirits, the glow of perfect health, bright eyes, clear skin, the knowledge that you are well, you can do so. Cleanse your blood by taking S. S. S. For fifty years it has been the standard blood purifier. It relieves the trouble by renewing the blood, renewing its strength, and stimulating the flow so that the blood regains its lost vitality, and throws off the poison. Even long-standing cases respond. But you must use S. S. S. Take it for all blood infections. Get it at your druggist's today.
